HIGH SCHOOLERS READY FOR ANNUAL VODVIL SHOW ON FEBRUARY 17 - 18

"Let's Get Away from It All" is the inviting title of Washington Union High School's 1954 production of Vodvil, which will be presented to the public Wednesday and Thursday evenings, February 17 and 18.

A world tour, through music and dance, will be yours as the Travel Agent, played by Ronald Schlosser, helps School Teacher Logan Norris, and his wife, Connie Emmett, decide on their vacation place.

A variety of specialty dance numbers will be presented including two modern interpretations: "Ebb Tide" and "An American in Paris." Dances are being staged by Mrs. Gertrude Dutra.

Vocal numbers will be rendered by the Senior Quartette, the Junior Sextette, the Sophomore Triple Trio, the Boys' Quartette, and the Freshman Triple Trio. Maxine Smith, Merle Peixoto, Ron Castro, Bob Rehrig, Becky Leach, Jessie Saucedo and Ron Masuda will be featured soloists.

"Istanbul not Constantinople" and "If Men Played Cards Like Women Do" are two clever skits which are expected to be real audience pleasers.

The production is under the direction of Faculty Member Ronald Lambert, who has Rita Sanchez and Richard Martinez as his student directors, Mr. and Mrs. Dwight Thornburg are the musical directors, while Mrs. Dorothy Britton is in charge of the cleverly-designed sets.

Costumes are being designed by Miss Audrey Carmody. Special sound effects have been arranged by George George.

Tickets may be purchased from any member of the cast. This is your ideal opportunity to "Get Away from It All," advises Connie Emmett, publicity chief.

SIGN OF TIMES: A DP BILLBOARD

The Case of the Homeless Sign had the Niles Merchants' Committee baffled this week.

The sign is a large highway structure advertising Niles as cradle of Western movies. It was paid for from Essanay Day proceeds last June. It is located at the north entrance to town.

This week, E. C. Parks, chairman of the merchant group, said a State Highway official informed him the sign is illegally located, being one foot into the State right-of-way, and that it must be removed.

Parks has been trying to relocate the sign onto Southern Pacific property across the highway, but so far has had no reply

The State gave us permission to put it where it is," laments Parks. "And now the State says it's got to go."

Still an unexplored possibility: the merchants might saw the offending 12 inches off the highway end of the sign.

MORE DIRECTORS

Four additional directors were named for the Irvington Chamber of Commerce Tuesday. They are Wallace Pond, Allan Hirsch, Walter Connolly and Ernest Vayssie. All were installed with the 1954 slate of officers headed by A. E. Alameda.

Mission C. of C. Defeats Garbage Dump Proposal

A garbage dump near Mission San Jose was rejected Monday night by vigorous vote of more than 100 persons present at a meeting of the local Chamber of Commerce.

Al Gamba, manager here for the East Bay Garbage Co., said after the vote he would withdraw an application to county officials requesting the dump in a canyon beyond the end of Driscoll Road.

Gamba proposed the dump there after the Township Chamber of Commerce members voiced a demand for some place to dump trash. He contended it was far enough away from roads and houses so as not to create a nuisance.

However on Monday Maurice B. Marks, Clarence Pementel and other residents in the neighborhood protested strongly. Marks said:

"That area is destined for fine homes some day, and a dump would spoil it."

Marks and Pementel agreed the access road is only 18 feet wide, inadequate for trucks and traffic.

In vain, Gamba and his attorney, Paul Dias, argued that they would cover garbage and allow trash to be dumped free, even if they had to haul in dirt to do it. This brought cries of scorn from the overflow audience in Mission San Jose Grammar School.

"Winds blow down that canyon and will bring us smells, flies, vermin and rats," predicted Marks. "That dump belongs in an industrial area down by the Bay."

He hinted that a Township Chamber committee headed by Gordon Cotton, already has found another site, and will divulge it soon.

Then Marks called for a vote, and it was unanimous against Gamba's proposal. Whereupon Gamba said, "in the face of such opposition," he would abandon the idea.

BILL SHORT NAMED FOR CENTERVILLE C. C. PRESIDENCY

William Short, sales manager for the Joe Adams Ford agency, this week was nominated for the presidency of the Centerville Chamber of Commerce.

Short, a World War II Navy veteran who lives in Centerville, has served as the chamber's vice-president for the past year. He is slated to be elected at next Monday's meeting, and then would succeed Romeo Brunelli, partner in Central Chevrolet Co.

The nomination was presented by Harry Weber, chairman of a committee appointed by Brunelli.

Other nominees are: Dan Irwin, vice-president; LeRoy Broun, recording secretary; Louis Cardoza, financial secretary; Erle Hygelund, treasurer. The last three were nominated to succeed themselves.

Parks Band Here

The famed 56-piece Parks Air Force Base band will display its wares February 19 for students at Niles Elementary School, Principal E. Dixon Bristow announced today.

RESERVOIR 'MENACE' HIT IN MISSION

A move to fence unguarded reservoirs in the Mission San Jose area came Monday night at a meeting of the local Chamber of Commerce.

The chamber voted to circularize owners of such facilities, asking they take precautions to keep children out.

The request followed a letter from Mrs. LeRoy F. Schnatmeyer, advising that several reservoirs, unnamed, are menaces to Mission youth.

In other action, the chamber:

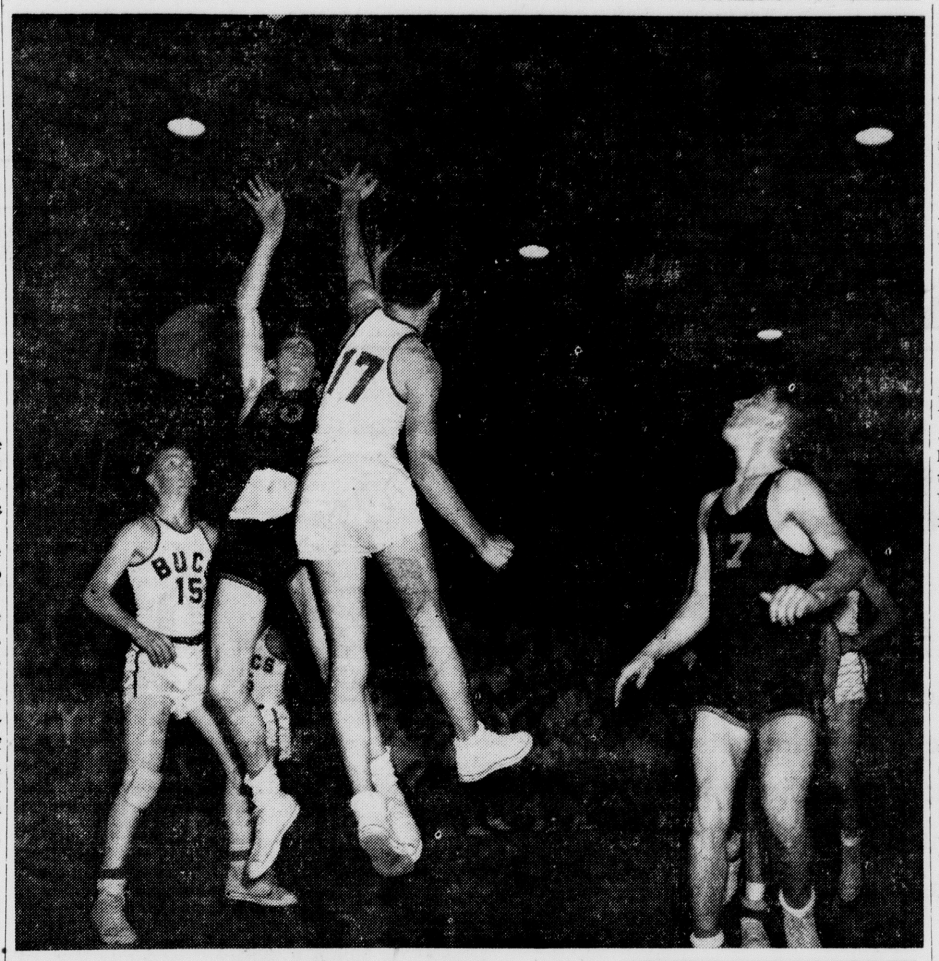

1. Heard Brad Agrella report that his Youth Center committee recommends using the IDES Hall for social functions until the new grammar school is finished.

2. Asked the Township Chamber to study the "potential smoke nuisance in this area."

3. Heard Warren Wilson, a chamber member, report that more homes are scheduled to be built soon by Charles A. Russell on the former Azevedo Ranch; that Russell has agreed to plant trees on streets in his present tract; and that Dick Lincoln, builder, is seeking a market site on Ellsworth Street.

Commission Says Budget to Be Cut

Niles fire commissioners voted Tuesday night to hire two paid firemen despite last-minute arguments of Jack Parry, opponent of the move.

Commissioners John Brahmst, A. M. Alves and Leon Solon apparently took as a mandate a favorable recommendation made earlier in the day by the local Chamber of Commerce. They voted to hire a fulltime chief and assistant, probably within 60 days.

Parry, an ousted volunteer firefighter whom the commissioners termed "an agitator," said he isn't against paid firemen. He said he merely is protesting expenditure of the money until a Fire Underwriters' report on Niles is finished next June.

He contended again that the commissioners "display their ignorance" by hiring firemen before finding from the report whether this will reduce insurance rates.

However Brahmst and Solon countered that money savings are not the reason for the move, but rather a desire to have trained men on duty 24 hours a day.

After arguing with Parry for almost half an hour, the commissioners adopted their 1954-5 budget of $22,000, which provides $9000 for firemen's wages, but which is $2000 under last year's budget.

They also yielded their financial records to Parry, who is suing for a look at the books, claiming he was denied this when he requested it last fall. The ex-fireman scrutinized the records at length, a privilege Brahmst said is available to any taxpayer between 7 and 8 p.m. on the second and fourth Tuesday of each month.

As Parry rose to protest, the firehouse alarm rang, providing a dramatic moment. Volunteer firemen among the 30 spectators dashed from the room. However this turned out to be a false alarm, and they came back.

Parry then termed hiring paid firemen "a piecemeal solution." He said a report from the Underwriters, who are hired by insurance companies, determined in 1948 that Niles was only 39 per cent efficient in its water system for firefighting, 26 per cent efficient in its alarm system, and 50 per cent efficient in its "co-operation with police."

Thus, he asserted, "paid firemen aren't the solution to lower rates." According to the Underwriters grading system, he went on, "there are 3316 things wrong with the Niles Fire District."

Solon retorted:

"Which are more important? Taxes or human life?"

Parry replied he believes paid firemen are necessary but that since Niles has gotten along

Seidel Tells Lunchers His Office Performs Key Education Services

By STUART NIXON

By his own accounting one of the busiest men in education, County Supt. of Schools Vaughn Seidel took time out Monday to list some of his activities and viewpoints for the Centerville Chamber of Commerce.

Dr. Seidel's "sketchy review" of his duties took up more than half an hour. Several pointed questions followed from Chamberites who prompted asking him to speak, but at the conclusion nobody had laid a glove on the doctor.

Said the educator-administrator:

1. His office provides a "pool" of visual-aids, speech-correction teachers, instruction supervisors and psychologists which single rural districts never could afford.

2. He acts as a lobbyist before Congress and the State legislature to obtain subsidies for school districts which are hard hit by the population flood.

3. His office processes more than $25,000,000 a year in teachers'

EQUIPMENT GIFTS FOR W.T. HOSPITAL

Friends of Mrs. Nora Prusso of Newark, who died last week, already are making certain Mrs. Prusso's last request will be carried out.

The Newark woman had asked that donations in her memory be made to the Washington Township Hospital for purchase of special medical equipment.

L. S. Whitaker, Hospital District chairman, announced today that "several hundred dollars" have already been received in Mrs. Prusso's memory.

Work on the hospital, located on Santos Road, is slated to start this spring.

BROTHER PEREIRA DIES IN SAN JOSE

Brother Joseph Pereira, 81, a member of the Jesuit Order for 58 years and son of one of Washington Township's pioneers, died at San Jose last Thursday.

He leaves two brothers, John V. Pereira of Centerville and Joaquin V. Perry of Irvington.

Brother Pereira attended the old Anderson Academy at Irvington. His father, John B. Pereira, was foreman of the John Beard ranch at Mission San Jose in 1865. He came to California from the Azores Islands aboard a whaling vessel in 1850.

Funeral services were conducted at the Mission Church at University of Santa Clara Saturday. Interment was at the Santa Clara Catholic Cemetery.

NEWARK VOTES SCHOOL BONDS, AID

Responding to the plight of its schools with a landslide "yes" vote, Newark Tuesday approved $200,000 in construction bonds and the acceptance of up to $450,000 in State school aid.

Unofficial totals showed a vote of 236-7 for the bonds, and 220-21 for the State aid. A two-thirds margin was necessary.

Supt. of Schools Jack MacGregor said the district's next step will be to acquire 14 acres east of the present elementary school for a "junior high" site.

As soon as results were known, Architects Mark Falk and Corwin Booth were directed to begin blueprints for a 12-classroom "intermediate" school (for seventh and eighth grade students) on the adjoining property.

However, MacGregor said that when State authorities make their semi-anual inspection on March 31, Newark subdividers may have started enough new homes to get the district another four classrooms. State aid is provided on the basis of dwelling units in a district.

More than 760 children now attend the single Newark school. The first three grades already are on double sessions, and MacGregor predicts the double schedules may be necessary through the sixth grade by the end of 1954, or before the new school can be occupied.

CENTERVILLE TRACT APPROVAL DELAYED

Endorsement of a new subdivision near Centerville was delayed Monday by the local Chamber of Commerce, while members find out more about the proposed tract.

The issue came to light when the County Planning Commission, which must pass on the tract, requested an opinion from the chamber.

LeRoy Broun, secretary, said Alameda Homes wants to build an unspecified number of houses across Central Avenue from its present Glenwood Manor development, running north to the Southern Pacific tracks, next to Visking Corp.'s plant.

However, Broun reminded: "In our preliminary plan for Centerville, this chamber wanted that zoned for industry." The zoning is still pending before the Planning Commission.

President Romeo Brunelli said he would request that any commission action be delayed until after next Monday's chamber session.

CANDIDATE—For State Board of Equalization job in area from San Francisco to San Luis Obispo is Stuart McClure, of pioneer Mission San Jose family.

M'CLURE FILES FOR STATE BOARD

Stuart McClure, member of an early Washington Township family and former San Francisco newspaperman, last week filed for the State Board of Equalization job now held by George Reilly.

McClure, who is 37, retains ranching interests near Mission San Jose, with his mother, Mrs. Margaret Moore McClure.

A World War II paratrooper, wounded and decorated in Europe, McClure has been active in civic affairs in San Francisco. He is a member of both county and State Republican Central Committees.

McClure recently won a national radio award for his crime reporting. He is a member of the Washington Township Historical Society.

Reilly's district runs from San Francisco south to San Luis Obispo.

DEMOCRAT CLUB GROWTH HAILED

One of the fastest growing clubs in Washington Township is one organized by interested Democrats only eight months ago, it was indicated this week by Raymond L. Marsh, Hillview Crest attorney who is the new club president.

Marsh said the club held its first meeting with 14 persons in May of last year and now has grown to 121 members. Membership has tripled since the first of the year and is still going up.

"I think it's a healthy sign that people are taking an active interest, more and more, in their government," he continued. "Soon our club will, be assisting the county registrar in signing up new voters for the coming June primary election—all with volunteer help."

At the next meeting, tonight (Thursday) at 8:15, in the Alameda County office building, Centerville, a report will be given by Kenneth Garcia, past president and newly-appointed head of the registration committee. Garcia, who helped found the club, has been elected to the advisory committee, composed of Judge E. A. Quaresma, Niles; Mrs. Thomas Power, Centerville, and Charles Russell, of Niles.

Also a report from the club's five delegates to the Fresno convention and an election of 12 delegates to attend the founding convention of a new 8th District Council in San Leandro will be on the agenda.

Presidio of San Francisco was built before Mission Dolores.

Thos. Huxley Passes

Thomas Huxley, 68, retired trucking executive and grandson of a pioneer Washington Township settler, died last Wednesday in his Los Altos home.

Huxley was the grandson of Richard A. McClure, Mission San Jose storekeeper, State assemblyman and county treasurer in the 'eighties.

Huxley leaves his widow and two married daughters. Interment was in IOOF Cemetery, Irvington.

I RECEIVED a card in the mail reporting the Haves family of Mowry Avenue have been kept very busy in recent weeks. Rebecca Louise recovered from her second bout with the mumps, only to come down with chicken-pox. Mrs. Haves' parents, Richard and Christine Williams, are constructing a garage and workshop and her brother, Don Williams, plans to build a house next door in the near future.

A SPEEDY recovery to all those little ones who are itching and aching with chicken pox, measles and mumps!

MANUEL WILLIAMS, MISSION, SUCCUMBS

Manuel Williams, 77, a retired farmer, passed away February 4 at his Mission San Jose home.

He was the husband of Mary Williams; father of Lawrence Williams of Redwood City and Augustine Williams of Mission San Jose; brother of Joseph Williams of Hayward, Victor Williams of Alameda, Mrs. Mary Futuna of San Jose, John Williams of Irvington, Frank Williams of Santa Rosa and the late Anthony Williams. He was a native of Alvarado.

Funeral services were held Monday, February 8, from Berge Mortuary, Irvington, with mass at St. Joseph's Church and interment in St. Joseph's Cemetery, Mission San Jose.

SEIDEL SPEAKER AT CENTERVILLE

(Continued from page 1)

salary warrants, certifies teaching credentials, lays out teaching programs, handles pensions, and in fact anything involving more than two school districts in Alameda County.

So impressed were some listeners that they asked Dr. Seidel why he doesn't divorce his duties in the rural and suburban districts from those in the big cities, which have their own superintendents.

"That way, one person wouldn't have to handle it all," suggested Mrs. Evelyn Perkins, backed by LeRoy Broun.

"Oh, one person doesn't have to handle it all," replied Dr. Seidel. "I have a staff of about 100." As for the suggestion, he termed it "interesting," but added such a change "would require considerable study."

Whereupon Eugene Manning asked who approves Dr. Seidel's staff increases. Replied the speaker, with the comment he was glad the subject had come up:

"A quarter of my budget comes from the county and is approved by the Supervisors. The other three-quarters comes from the State, and is subject to approval by the State Superintendent of Instruction."

Broun asked if the County Board of Education governs how the superintendent's budget is spent. Seidel said it does not. He added the board passes upon textbooks, some staff salaries and appointments.

"In other words," pursued Manning, "the Board has nothing to do with setting your policies?" That's right, replied Seidel.

He stressed he is elected by the voters, and that the four Board members—one of whom is Supt. E. Dixon Bristow of Niles—are appointed by the Supervisors.

Mrs. Perkins then asked if the speaker thought "it would help any to have all the school districts in the Township under one head?"

Dr. Seidel replied that in his opinion a unified school district "would have certain advantages," but that, "since the (ten) superintendents here work in close harmony, you virtually have a unified district now." If the situation changed, he added, "perhaps the issue should be examined."

STATEWIDE RESPONSE REPORTED TO CLOTHES APPEAL FROM IRVINGTON GI

People all over the State have responded to an appeal for clothing for Korean war-orphans. The appeal was made through a letter written by Pfc. Manuel J. Silva to his parents, Mr. and Mrs. M. P. Silva of Irvington, and published in The Register December 17.

The Irvington Fire Department has volunteered to pay any postage needed and their Ladies Auxiliary is doing the packing and shipping of all donations.

With a shipment this week of 202 pounds of clothing, the 1000-pound mark was passed with more contributions coming in daily. A package a week has been sent since the last of December.

In addition to clothing, Mrs. Silva has received letters from people in towns and cities throughout California with cash contributions which were sent direct to the orphanage which has been adopted by Company 555, Military Police, stationed in Inchon, Korea.

Donations of postage have also been received.

Mrs. E. S. Gilbert of 4734 Walnut Street, Oakland, has made thirty pairs of wool slippers and thirty personal kits, containing wash rags, mirrors, combs and similar articles. She also baked a dozen loaves of bread which were sold and proceeds used for postage, and made several lined and interlined jackets from discarded coats.

Mrs. Wayne Day of Centerville, chairman of the committee handling the clothes, announced that a small club in San Leandro has written asking for the address of Pfc. Silva so that they may send a package of food and clothing every month.

Mrs. Silva received a letter from her son Tuesday in which he stated seven packages had been received and clothing distributed to the grateful children.

Donors may leave clothes at the Township Cleaners in Irvington or phone Irvington 56 for pickup service, or contact any Irvington fireman or member of the Ladies Auxiliary.

Ailing Huskies Outshoot Campbell From Floor But Bow to Buc Sniping From Foul Line; Live Oak Next

By BOB HIRD

Battlers to the end, Washington Hi's cagers dropped a 57-48 decision Friday night to league-leading Campbell, who should chalk up an assist to Old Man Flu.

Game but outmanned, with their star, Allan Olk, nursing a chestful of flu bugs; Center Jim Meyer out after the second quarter with a twisted ankle; his sub, DeWayne Hill, benched with the virus, the Huskies gave a good account of themselves before bowing to superior height and foul-line sharpshooting.

Tonight the Orange and Black face winless Live Oak here in the Huskies' final home encounter of the season. Coach Clyde Voorhees hopes to have his club in stronger physical condition for this tilt. A win would give Washington a 3-3 mark in SCVAL play.

Last Friday's contest was a tough one for the Huskies to lose. Olk, who is second in the league in scoring, saw only limited action in the first half and none at all in the second, because of the flu. Meyer, the regular center, twisted his ankle in the second quarter and didn't play in the second half. His substitute, Hill, also missed the fame due to the flu.

The league leading Buccaneers started fast, with Forward Ken Beth pacing his team to a 16-13 first quarter lead. Beth and all-Valley teammate Tom Hansen kept on ringing up buckets in the second period, and the Bucs held a 27-21 half-time edge.

The 6-foot 3 Hansen dropped in eight points in the third stanza with his terrific jump shot, as the Bucs strengthened their lead to 43-32.

The Huskies caught fire in the final period despite the fact that they lost Raul Orozco on five personal fouls. They out-scored the Bucs 16-14 but it wasn't enough to catch last year's pennant winners. Don Santos bucketed eight

Campbell's little guard, Dick Jordan, put the game on ice in the final quarter as he made nine of his team's 14 points, all from the free-throw line. Jordan totaled 10 points for the evening, all from charity tosses.

The Bucs actually won the game on the free-throw line. The Washingtonians hit for 17 field goals to the Bucs 16, but the victors hit 25 charity tosses to the Malemutes' 14.

GUARD QUINTET EDGED, 47 TO 43

Playing their first game together, a Centerville National Guard quintet narrowly missed upsetting an experienced squad from Camp Parks Air Force Base last week.

Sparked by Bob Lunsford and Scotty Haynes, both former Washington Hi players, the Battery C cagers came up fast but were unable to stave off a 23-point drive in the final quarter and lost, 43-47, at the Parks gymnasium.

Lunsford tanked 21 points and Haynes 19, while Ken Olmstedt for the Air Force's 3275th Installing Squadron scored 20.

Next Monday C Battery plays a Future Farmer team at Washington Hi. Other contests with service and Guard units around the Bay are in prospect.

CHACON SIGNS UP WITH SEAL 'FARM'

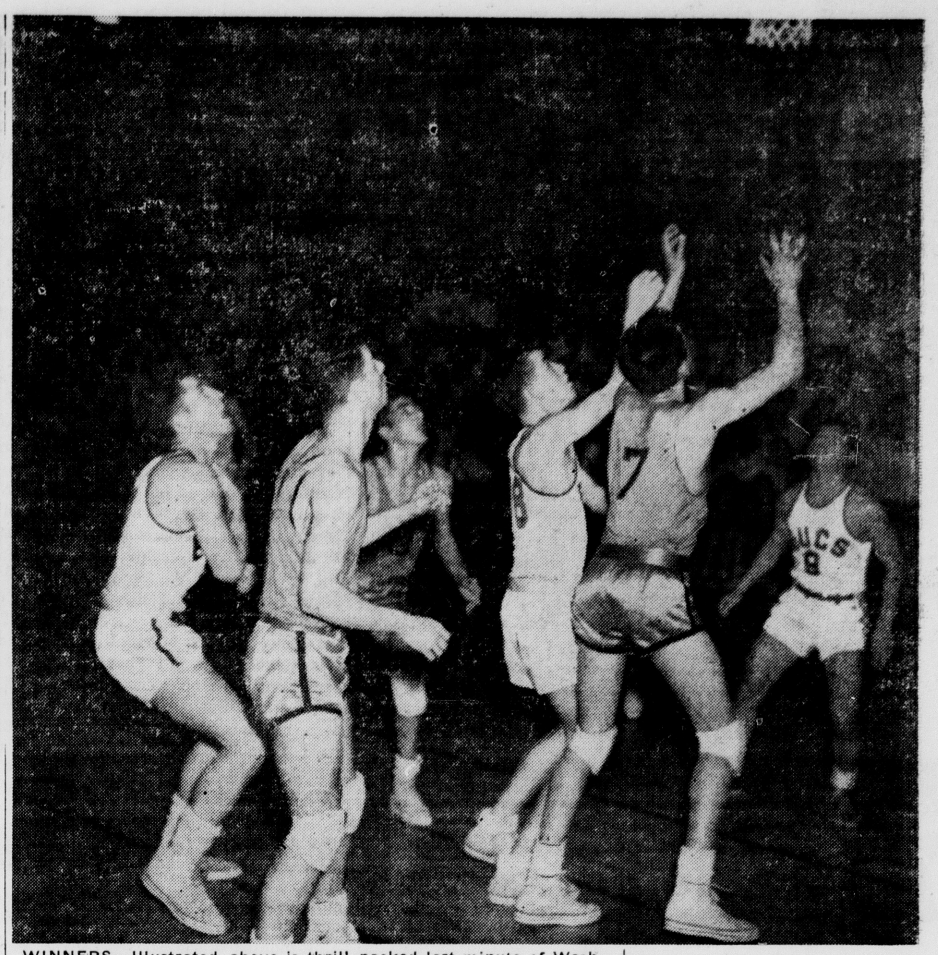

Johnny Chacon, strong-armed catcher for the Washington Hi nine last season, this week was signed for professional baseball by a San Francisco Seals farm club.

Chacon, who lives at 1060 Railroad Avenue, Newark, will play for the Carlsbad, N. M., team, in a Class C league. He expects to leave for New Mexico next week, following final workouts in San Francisco.

"Chico" hit .387 last year with the Huskies and was a big factor for the Centerville Bearcats' league victory in East Oakland play just concluded.

"He's got what it takes," commented Chacon's former coach, Irv Hird of Washington Hi. "Johnny has a fine throwing arm and if he can hit pro pitching, he'll make it."

WINNERS—Illustrated above is thrill-packed last minute of Washington lightweights' 40-39 win over Campbell last Friday. Under Buc goal are (left to right) unidentified Campbell player; Pup Guard Ed Meneze, WUHS Forward Don Martin, Ron Arnaud, high-point player for Campbell (8); Ray Orozco (7), who scored 17 digits; and Niizawa (9), Campbell guard. Three Daschunds, Von Der Busch Zipper, Ch. Gold Flirt v d Busch, and Von Der Busch Topsy, are the Bushes' entries in the two-day benching.

Some of the world's largest, smallest and rarest types of dogs are entered in the show, which will also feature Obedience Trials each day conducted by Oakland Dog Training Club.

Rarieties include the Rhodesian Ridgeback, African lion hunter; Chinese Crested hairless, and the Hungarian Pulik, Hungary's famous shepherd dog.

Alameda County dogs will compete for a special award — best local dog in show — offered by the Oakland Chamber of Commerce. Show hours daily this week-end are from 10 a.m. to 10 p.m.

Bells Win, 58-55

The Washington Huskies dropped their last practice game of the season Monday afternoon, 58-55, to Bellarmine Hi.

The locals led at half time, 28-26, only to see the margin washed away midway through the last period.

Raul Orozco paced the Huskies attack with 17 points, while 6-foot-6 Ralph Brandt bucketed 16 for the San Joseans.

The Washington lightweights salvaged a victory, winning 34-28.

NILES WILL HIRE FULLTIME FIREMEN

(Continued from Page 1)

without them for many years, he believes a few months' delay would not jeopardize life or property.

Jules Berchem and Keith Comfort backed Parry, counseling delay. But Brahmst read a letter from the Chamber of Commerce, commenting:

"There you have it." The chamber, under urging from Vernon Ellsworth and others, earlier had adopted a resolution asking for the paid firemen. Parry said this "was made without study."

Perry pointed out that Niles' alarm system was rated by the Underwriters at only 141 points out of a possible 550, and said this is because the alarm system consists of pushbuttons to the siren from Solon's tavern and Asst. Chief Lawrence Avila's home.

He said it would require a $20,000 alarm system to bring Niles to a point where insurance rates would be cut. But Solon said he would rather spend money for firemen "to save a life."

Parry also got the commissioners to admit they want to install 6-inch water mains on First Street to replace the small, old pipes. Then Parry said the Underwriters won't reduce rates unless mains are eight inches in diameter.

At the Chamber of Commerce meeting, only C. K. Dennis, water company manager, voted against the fulltime firemen. Dennis said (1) the issue was not properly studied beforehand, and (2) it was controversial and not a proper subject for discussion.

Brahmst asked the chamber for an expression of opinion, saying it is the "only representative body in Niles."

At the night meeting in the firehouse, he concluded:

"We were elected, and we try to do our best. If you don't like what we do, when the election comes, get yourselves new commissioners."

BUC VICTORY GAINS THEM SCVAL LEAD

Campbell stayed on top of the SCVAL race last week by stopping the Washington Huskies, 57-48.

While the Bucs held the lead position, James Lick kept its pennant hopes alive with a convincing 64-42 win over Live Oak.

The Mountain View Eagles dimmed Fremont's hopes of a championship, as they turned back the Indians, 38-26.

Santa Clara, paced by Larry Curtis' 22 points, defeated Los Gatos, 52-41.

Tonight's schedule:
Los Gatos - Fremont
Live Oak - Washington

Boy Scouts Observe 44th Birthday

44TH ANNIVERSARY 1954
BOY SCOUTS OF AMERICA

Official Boy Scout Week Poster

The 44th anniversary of the Boy Scouts of America will be observed during Boy Scout Week, Feb. 7 to 13, by more than 3,300,000 boys and adult leaders. Since 1910 more than 21,000,000 boys and leaders have been members.

Boy Scout Week will highlight the "Forward on Liberty's Team" theme which seeks to produce a greater functioning manpower and provide a higher quality program for an ever-increasing membership.

In countless communities, Scouts, their parents, local institutions and public officials will pay tribute to the leaders of 89,000 Units for the contribution they are making to the boyhood of America.

BOY SCOUT WEEK OPENS ACROSS U. S.

The nation's 3,300,000 Cub Scouts, Boy Scouts, Explorers and their adult leaders will observe the 44th birthday of the organization during Boy Scout Week, Feb. 7 to 13.

The theme of the observance is "Forward on Liberty's Team," the current major emphasis of the movement, which seeks to produce a greater functioning manpower and provide higher quality program for its ever-increasing boy membership.

The anniversary is to be observed by 89,000 Units in all parts of the nation, its possessions and also in other parts of the world where American families reside.

A principal activity of Boy Scout Week will be paying tribute to the volunteer adult leaders of the 89,000 Units for the contribution they are making to the boyhood of the nation.

"The Boy Scouts of America is one of the largest volunteer adult education or training groups of the nation," said Dr. Arthur A. Schuck, the chief scout executive. "Almost 200,000 of our leaders took training in Scouting and leadership techniques last year."

When the Boy Scouts of America was incorporated in Washington, D. C., on February 8, 1910, it was founded as the voluntary movement it still remains. Dr. Schuck said there are now 860,000 Scouters" who take time from their own careers to give service in Scouting in order to help their communities do a better job of building citizens."

"Scouting belongs to the American people who have made it possible," he continued. "This is thoroughly in accord with our democratic ideals and the American way of life. As a voluntary movement its doors are open to every boy of every race and religious belief who wants to come in. It is dependent upon men who care enough about boyhood and American institutions to volunteer their time in Scouting."

There are numerous species of mint, of which only spearmint and peppermint are important food adjuncts.

A ROD TOO OFTEN SPARED

Last week in this newpaper's "Letters" column, we carried the story of a Mission San Jose homeowner whose ranch house had been broken into by destructive gangs of boys twice in three weeks. As we set the letter in type, a third group smashed its way into the home while the owner was away and caused damage ranging into the hundreds of dollars. Apparently an empty house is an invitation to such youths. Fast work by the sheriff's department made it possible for the vandals to be captured and held accountable for their destruction.

In her letter, the victim further commented that one of the youths in the earlier burglary—for burglary is what it was—had been arrested. But after a disagreement between the sheriff and the probation office, she noted, he had been released "with a mild reprimand," only to be apprehended a few days later for another burglary in Newark.

After an arrest, of course, the deputies have no further jurisdiction over the youngsters. They are sent to the juvenile authorities. Then, in most cases, they are turned over to the probation office. There, it seems, punishment often is suspended and the offending youth is set free to sneer at the law and repeat his crimes until he is old enough for San Quentin.

Probation officers are not law-enforcers. They are sociologists and psychologists, for the most part. Their approach to such problems is—in theory—correct: they want to rehabilitate the youth without scarring him with a prison experience. We say "in theory" because the wish to rehabilitate isn't combined with enough force to make the miscreant help in the rehabilitation himself. We have heard juveniles laugh at the probationers' efforts—they call them "soft," an easy mark, a convenient sanctuary from the stern deputies.

We realize we're wading into that everpresent retort of public officials: our budget isn't adequate to provide the type of supervision you want. However, what's needed is not more probation officers. Instead, we need some with the will and the backing to discipline their charges, rather than to let their charges discipline them. Then the word might get around that Juvenile Hall isn't a comfy, fashionable place to go, and the break-ins and street-fights would get the damper they deserve.

We note in passing that a curfew is proposed for Alameda County. Pleasanton already has determined to enforce one, and to keep youngsters off the streets after a reasonable hour. Some probation men are opposing this, on the grounds that it might bring reaction from the young toughs. The sheriffs want it, because it would make their job easier.

It seems to us that parents ought to welcome such a governor on youthful footlessness, and that the matter merits serious consideration before a bad situation gets worse.

FOUND — THE SOURCE!

What's all this blather about a recession? Where does it come from? Is it justified?

Seems the talk started when Eisenhower was elected. But there was no recession then. It got rolling again when the Korean peace was concluded. But there wasn't any recession. It gained momentum when Eisenhower's deflationary policies took effect last fall. Still there was no recession. In fact, 1953 turned out to be the most prosperous year in American history, with 62,000,000 people at work, and our national income at an all-time high.

The rumbles and rumors are still at work. Where did they come from? Aha! the Soviet Union's chief economist, Eugene Varda, in several articles published in "Pravda," says there will be a depression in the U. S. this year.

We didn't realize "Pravda" had such a circulation in this country.

PAINTIN' WEATHER

At the risk of bodily harm from farmers and cattlemen who need rain, we endorse this spate of sunshine and blue sky currently bathing our Township.

Last week-end every able-bodied male seemed to be aborbed in car-washing and house-painting activities. Women were doing their spring cleaning early. Inspired by it all, those eager beavers, the almond trees, put forth a heart-stopping display of feathery white confetti.

From our leafy retreat at the mouth of a Township canyon, the sky looked like a blue Dutch porcelain vault, buttressed by green-and-brown eucalyptus. We wondered why anyone would travel to Carmel or to Capri when this was at their doorstep.

Our soul is full of spring! Now let it rain!

OUR READERS WRITE . . .

Editor, Sir:

"It seems to me to be both a sin and a shame for our government-purchased surplus foodstuffs to be piling up increasingly, bringing fear of spoilage, while there are millions of hungry and starving people throughout the world. I would think the passage of enabling legislation to permit the distribution of these unwanted surpluses to the needy of our world would be one of the major concerns of Congress. . . . I write you with the hope that you will consider using your influence for the furtherance of this humanitarian and Christian objective."

This is the essence of letters I have written to our California Senators and our Representative. I wonder what would happen if thousands of our citizens would write similarly.

Such a demonstration of wholesale concern added to our President's request to this end might really start the wheels moving in Washington both to settle the exasperating food surplus problem in this country and provide for the food needs of millions of the earth's suffering.

There are many current issues which divide our people into two schools of thought—if not two warring camps. Why can we not forget such issues for the moment and unite on such a project as this—agitating and working for such a humanitarian and Christian goal?

Surely everyone with a kind heart and normal intelligence would favor such a means of making friends for the United States and happiness for those who most need it.

HILDEBRAND HONORED BY LOCAL P.T.A.

By KITTY SAMMON

William Hildebrand was awarded an honorary life membership by the Newark PTA Tuesday evening, an award made annually to a citizen outstanding in the community, particularly in regard to child welfare.

Superintendent of Schools Jack MacGregor, in making the presentation, cited Bill's "active participation in all phases of community endeavor, and especially his single-handed promotion of an organized recreation program for Newark children, which resulted in the establishment of the Newark Recreation District."

Director Robert Lamp pointed out that the monthly attendance total at the playground is 4000, and that the "entire recreation program is the direct result of Bill's untiring efforts"

What makes the honor unique is the fact that although his efforts are directly for youth welfare, Bill is a bachelor. He lives with his mother, Mrs. Lillian Hildebrand, at 2430 George Street.

His mother was present at the ceremonies, as was his immediate superior, Under-sheriff Leon Ader of the Alameda County Sheriff's Department. Sheriff Jack Gleason, who had planned to be present, was called to a meeting in Los Angeles. Under-Sheriff Ader paid tribute to Sgt. Hildebrand, who has recently been promoted to chief air raid warden of civilian defense, in charge of auxiliary deputy sheriffs, auxiliary firemen and the wardens.

Although his superiors had been apprised of the honor to Bill, he said it came as a complete surprise to him, as he had been asked to the PTA meeting to show a film on civil defense.

FIRE EXPERT LAUDS NEWARK CHIEF AT CHAMBER OF COMMERCE INSTALLATION

By KITTY SAMMON

At the Newark Chamber of Commerce installation dinner last Wednesday, new officers were sworn in by Frank X. Veit who served as secretary of the Newark Chamber for 22 years from World War I to II.

Speaker was J. W. Stevens, secretary of the Pacific Coast and International Association of Fire Chiefs, and chairman of the fire prevention committee of the Fire Chiefs' Association.

Stevens paid tribute to Joe Pashote who has been a member of the Fire Chiefs' Association for 26 years, and who last year was awarded a life membership in the Association.

Stevens stated: "People, not things, cause fires," and claimed most fires are unnecessary. He read a letter from the fire chief of Milwaukee, Wisconsin. On January 29 and 30 last year, during a heavy snow storm, Milwaukee's fire trucks could not get to fires. The local chief went on the radio every hour and warned people against fires. During the 52-hour emergency period, Stevens said, there were "only two fires reported and they were put out by the people themselves."

When the emergency period was over, the chief informed the people, and during the next 48 hours there were 46 fires. Stevens commented: "Fires are an American custom."

Francis Fletcher, chaplain to Sir Francis Drake, held the first religious service in the English language on the Pacific Coast, on the shore of Drake's Bay, June 24, 1579.

COWBOY TELEVISION-RADIO STAR TO HEADLINE CENTER THEATRE STAR STUDDED STAGE SHOW

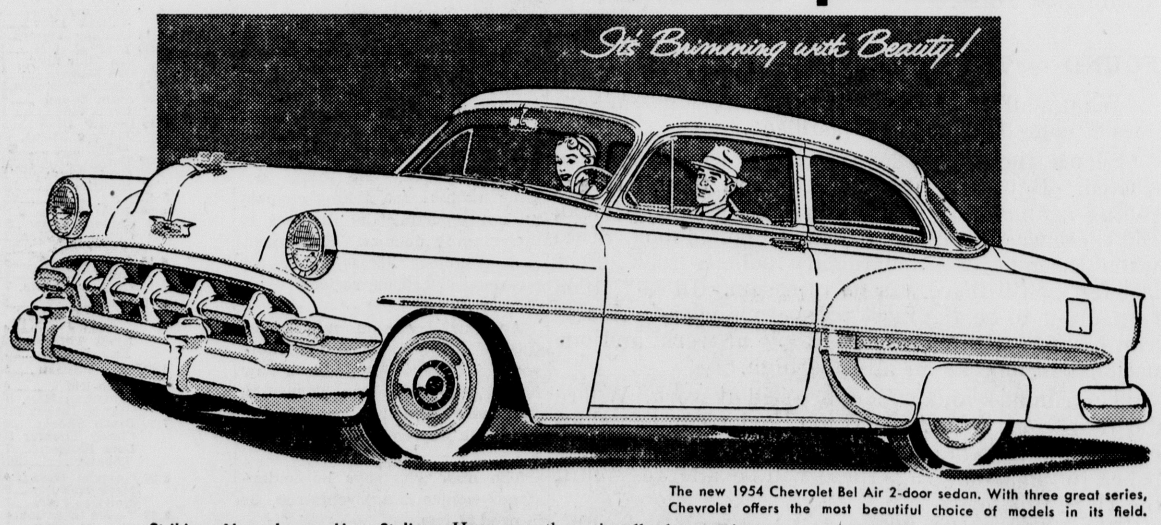

"COWBOY" CHUCK RYAN
Famous Singing Star of Television and Stage

'Chuck' Ryan, Stage and Screen Star, to Make Personal Appearance

Russell Osborn, manager of the Center Theatre, has just announced a talent packed stage show, headlined by that famous Cowboy Star Chuck Ryan, to be presented on Friday evening, February 19. Chuck has appeared in many pictures, as well as on the television and also on the air. More recently he has just completed a tour of most of our western states, playing theatres, rodeos, as well as the state fair. Backing Ryan on the show will be "Slimmie Lee" Smith, one of the most clever and side-splitting comedians to appear on any stage. Slimmie also plays the electric steel guitar and will M.C. the show. Another outstanding entertainer to appear is Randie Nissen, yodeling cow-girl. Randie is well known in these parts as she has been appearing with a western band in Niles and has quite a following. For those who like accordian music played just a little different, Billy Selak will be on hand to oblige. It is not at all uncommon for Billy to throw a stage show completely off schedule by the crowds demanding more. This outstanding stage show will be presented along with two top screen hits one night only, Friday, February 19th. Manager Osborn says popular prices will prevail.

Farmers Ask Consideration from State Nimrods

What the farmer wants from the sportsman in return for the privilege of hunting or fishing on the farmer's property is outlined in the November issue of Outdoor California, published by the State Department of Fish and Game. The article, written by Robert E. Hanley, field representative of the California Farm Bureau Federation, lists eight suggestions for the sportsman.

"Basically," Hanley says, "farmers ask no more from sportsmen than the consideration and understanding they would ask of their neighbors, and that hunters and fishermen observe the rules of good sportsmanship for which we, as Americans, are noted."

Here are his suggestions:

1. That permission to hunt, fish or camp on private property be obtained from the owner or operator before entering the property for such purpose.

2. That such privilege, when granted, not be violated by passing it on to others, unknown to the owner or operator, or taking it for granted that it is a life-time permit. (Farm operating conditions change from day to day and circumstances may not permit the use tomorrow.)

3. That signs, fences, gates and other property be respected and not wantonly damaged or destroyed. (It must be remembered that fences and gates are primarily for the purpose of keeping livestock on the property and not for keeping people out.)

4. That the laws and regulations governing shooting from automobiles, roadways, and near dwellings or livestock be observed and rigidly adhered to.

5. That every recommended precaution of the state and federal departments relating to fire and safety practices be followed religiously. (Firearms are dangerous but fires are often disastrous to farmers.)

6. That health and cleanliness practices be followed as one would in or about their own homes. (Beer cans, papers, bottles and trash are unsightly and someone has to clean the mess up—avoid creating one.)

7. That camping at water holes used by livestock be avoided. (It may be the only water supply available to the stock and they won't come in while it is occupied.)

8. Apply the "Golden Rule" to conduct while out enjoying one of this State's greatest assets — the privilege of living in a State of such abundance.

"Success of any program designed to promote good will between people is dependent upon the cooperation of individuals," Hanley concludes. "Realization of the problems of each creates understanding among those on 'opposite sides of the fence'."

Hanley, as field representative, is a key figure of Farm Bureau's Wild Game and Public Land Use committee. He has worked closely with the State Fish and Game Commission, the State Department of Fish and Game and the United States Fish and Wildlife Service, and other interested groups to solve some of the problems which have arisen between hunters and ranchers.

The present effort is to bring about a mutual understanding of the problems and to seek a solution on a voluntary basis. Study is being made, however, with a view toward enactment of legislation where deemed necessary.

The interest rate stated in the bid must be in a multiple of one-quarter of one per cent per annum, payable as aforesaid.

MATURITIES:

Said bonds hereby offered for sale mature serially in consecutive numerical order, from lower to higher, $8,000.00 on April 15th in each of the years 1955 to 1964, both inclusive, and $10,000 on April 15th in each of the years 1965 to 1968, both inclusive.

The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs;

The supplying of school buildings with furniture or necessary apparatus of a permanent nature;

TAX EXEMPT STATUS:

In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION

The legal opinion of Messrs. Orrick, Dahlquist, Herrington & Sutcliffe, Attorneys at Law, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from April 15, 1954 to the respective maturity dates of the bonds at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than March 2, 1954. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, which, it is estimated, will be within forty (40) days of the date of sale, but not prior to April 15, 1954. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within sixty (60) days of the date of sale and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1954 School Bonds of Decoto School District of Alameda County." With each bid must be submitted a certified check or cashier's check for $1,000.00 drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Decoto School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

Information relative to the financial condition of said District will be furnished to any bidder upon request.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices and said County will furnish to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Girls from Nine States Win Top Sewing Awards

LONG BEACH, Calif.—Eleven young women from nine states have received top awards in the seventh annual "Make It Yourself with Wool" Contest, following their acclamation as National Champions in the art of home sewing.

Their selection came as a result of their appearance in contest's National Fashion Show, held December 9 in the Municipal Auditorium, Long Beach. In that event, 28 finalists—all of them state champions—competed for the National Awards in the $25,000 prize contest as they modeled their own home-sewn fashions.

More than 7,000 girls between the ages of 14 and 22 in the Western States enter the annual event, which is sponsored by the Women's Auxiliary of the National Wool Growers Association and the Wool Bureau. Prizes include scholarships, travel, U. S. Savings Bonds, and other valuable awards.

The National Champions in the 1953 contest are Carla Black, 21, of San Lorenzo, California, in the Senior Class, and Judy Heitkemper, 17, of Portland, Oregon, in the Junior Class. They will receive $300 scholarships presented by the Forstmann Woolen Company and Pendleton Woolen Mills, respectively.

The 28 finalists in the contest are the Junior and Senior sewing champions of the 14 contest states. The young women, who won district and state eliminations in their own states, were guests in Long Beach of the National Wool Growers Association and its Auxiliary. They traveled to California as guests of the F. W. Woolworth Company. Their appearance at the National Fashion Show climaxed a busy four-day schedule of activities in Southern California.

Winners were named by a panel of judges consisting of Mrs. Margaret King, Educational Supervisor for the Singer Sewing Machine Company; Miss Imogene Dean, Home Advisor for Los Angeles County, and Miss Theodora Corey, Associate in Home Economics at U.C.L.A.

Designed to create interest in the art of sewing at home with virgin wool fabrics, the "Make It Yourself with Wool" Contest is held for girls in two age groups. Those from 14 through 17 enter the Junior Class; those from 18 through 22, the Senior Class. Entries may be coats, suits or dresses, and contestants are judged on the workmanship, fit and general appearance of their fashions.

States in which the contest is held are Arizona, California, Colorado, Idaho, Missouri, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming. Mrs. J. T. Murdock of Heber City, Utah, is National Contest Director.

As a climax to their California visit, the Finalists toured Southern California as guests of Pacific Greyhound Lines. Their visit included a sightseeing trip to Tiajuana, Mexico.
